Инструменты Fx

В [RuTerminal](#) созданы [инструменты](#), котировки которых банки могут поставлять в систему с использованием

1. интерфейса для ручного ввода котировок в систему и
2. FIX Api для автоматизированной поставки котировок в [RuTerminal](#).

Если вы хотите поставлять котировки — сообщите список инструментов (кодов) — мы добавим их в список ваших котировок.

Эти котировки доступны для:

1. Просмотра на экранах ваших терминалов и
2. Загрузки в ваши системы с использованием FIX Api.

Если вы не нашли требуемый инструмент, сообщите нам — мы добавим его по возможности.
